### List of links and reading suggestions:

#### PART ONE VIDEO

The **World Doctors Alliance** and the World Freedom Alliance – English-speaking section [here](#) – website

The **Free and Healthy Children International** homeopathy website and membership programme

**The Modern Immune System** – video with Dr. Shiva Ayyadurai

**The Germ Theory Hoax** - video interview

**Questioning Covid** – 'Clinicians, Researchers, & Health Experts from Around the World Interrogating the Mainstream Narrative Around the Pandemic' - website library of videos, podcasts, etc, that covers the main areas in which the Pandemic has been taking us all for a merry ride – a key research source

The Pandemic documentaries: **One** (interview with Judy Mikovits) and **Two** (exposure of the origins of recent vaccine history; its corruption and manipulation of living men and women's health) – an essential introduction to why we should be extremely wary of modern medicine as a whole

**How Bill Gates Monopolised World Health** – just the fact that one person alone is deeply invested in medicalising life, and has such a powerful financial influence around the globe – just that fact in itself should make us question *everything*

**Robert and the Observation Deck** – on the nano-technology and vaccine agenda (I mistakenly referred to him as Richard in my part 2 video!)

**Dr Andrew Kaufman** – video on the nature of health, and the pathology of scientific materialism

Video by Dr Mellisa Sell, on **dismantling the conventional medical paradigm** (that is doing so much harm to human health) – including explanation of Germanic New Medicine (I misnamed this in my video part 1 as Modern German Theory or similar!). Dr Sell's explanations resonate with homeopathic, holistic and natural approaches, and dispell our flawed collective presumption about contamination and viruses

The **Android Privacy course** – which gives a solid background education in what is actually being surveilled and mined from your portable technology

**Surveillance Capitalism** – video documentary with Harvard professor Shoshana

Zuboff

**Orgasmic Birth** – book and film by Elizabeth Davis and Debra Pascali-Bonaro

Childbirth Without Fear – book by Grantly Dick-Read

Primal Health and Birth & Breastfeeding - books by Michel Odent, who also runs the **Primal Health Research Databank**

**Kim Anami's** work and podcast

**Free Birth** - Yolanda Norris Clark's podcasts and work

## PART TWO VIDEO

**Tom Barnett Interview with 'The Godfather of True Law', Equity, Soveran, The Remedy for Oppression** – video - a great starting point in the journey down the rabbit hole of how we're held in slavery through our 'legal' status ; who we think we are on paper is profoundly distorting our sense of reality

**The Strawman** – video – a brief introduction to the concept

**The Servant King** – website – further information on your fictitious identity, and what you can do about it

**The Common Law Court** – website and membership – one level of stepping out of the system and into more natural, ethical reality: "reclaiming our rights and lawful remedy" – a good place to start understanding the language of our freedom

**Solutions Empowerment** – website and membership – an empowering platform of collective freeing ourselves from slavery, using lawful remedies and simple conditional consent processes – this has some cross-overs with Robert's work via the Observation Deck (Youtube channel mentioned above), and is a solid place to begin getting educated on our true living men and living women natural 'rights'

**The Lien Machine** – ebook - "A simple and effective remedy for any incursion on your personal freedoms and liberties" by Robert of The Observation Deck

**Reclaim Your Lives** – website and membership – health sovereignty, civil liberties, freedom of speech; a dense, active knowledge hub and an integrated health-mind-spirit community

I use alternative browser **Brave**, search engine **Qwant** and occasionally **Tor** and **Duckduck Go**, also alternative social media channels **Hive.blog** (which rewards you in crypto currency and doesn't censor!) and **Mewe**. And of course **Patreon**, are also relatively non-censoring.

I highly recommend getting off mainstream emailing service and onto something

like **Protonmail**, and to *unlink* all your Apps from mainstream profiles like Google.

Alternative media channels like **Bitchute** and **Brand New Tube** are profoundly important sources for real information these days

**Stop Medical Discrimination** petition online

Black's Law Dictionary – book – early editions (up to around edition 4); **this link is a download page for the 2<sup>nd</sup> edition** – know your terminology, and how language traps us in a limiting and disempowering world instead of liberating us into the immense freedom of our birthright

**I M Power Love Absolute** – website – delving deeper into the remedy for aligning spirit, true identity and sovereignty as a living woman or man. Read here about the OPPT (the One People's Public Trust) and Heather Tucci etc's work to liberate humanity from slavery. Extensive research and documentation to download.

**My Patreon** is where I'll be livestreaming from early 2021, delving deep into the deep intuitive, and sharing how the primal activities of drawing and painting can liberate our holistic consciousness, aligning us with Gift in the most direct and profound way, which then radiates out into every area of our Blessed Life

**The PCR Deception** film via the Conscious Resistance Network website, which eloquently unfolds the false science of the PCR tests

Birth Without Violence - book by Frèdèrick LeBoyer

**Steaming 101** – a video introduction to pelvic steaming; the use of herbs and steam to cure all manner of pelvic, womb and genital issues/ imbalance. Steaming is a primal modality that has been used in all areas of the planet from the beginning of time, to support the female and male body to realign, by healing itself to wholeness – applying herbal medicine directly into the core of the body-mind-spirit, and relaxing the lower torso from its tension-infused habits

The emergency C o v i d or plandemic directives have been *overturned* in many countries: they're generally understood, by those aware of the law, to be unlawful; they contravene multifarious national/ international accords and treaties, they violate human rights and country constitutions, they are fundamentally against health and wellbeing, and are (coincidentally?!) precisely the techniques used by authoritarian governments/ dictators to oppress populations. Look up legal and professional movements in your own country, and recognise where there are collectives of folks inspiring common sense and wholesome peaceful resistance, rather than unconsciously consenting to their own oppression – it seems at first that we're isolated, but the deeper and wider we look, the clearer it is that we're waking up *together*.

**Solutions Empowerment** again have webinar and course material within their membership site, on standing your ground when being confronted by aggressive authorities challenging your most integral rights. Remember **this**: "Every Man is

independent of all laws except those prescribed by nature. He is not bound by any institution formed by his fellow Men without his consent. Cruden V Neale ZNC 338 May Term 1796 " - and see multifarious other useful freeby documents via **this page on the S.E. website.**

**Noi è Io Sono** – sito italiano sulla nostra sacra, legale e integrale sovranità

**Quarta Attenzione** – sito italiano sulla libertà profonda

**The Will and The Word of I** – the statement of the irrefutable I, the eternal essence and The Divine Will is part of our necessary remedy for all that is manipulated in us and around us. This is a link to the work of Healthier Tucci – there are myriad versions of statements like this being declared by millions of living souls around the world right now: a Divine Living Will that effectively overrides or makes null and void the fictitious/ bureacratic reality that we've unconsciously contracted into by participating in 'modern life'. Just reading documents like this can help lift the spell, and get us on a path towards individual and collective sovereignty
